

Relocatable, High Security, Light-Weight Safe

for a House, Apartment, Vehicle,
Caravan, Motor Home, Office, Factory

Secure up to 6 external hard drives or up to 52 CD's or DVD's. That is a massive amount of backed up data.

Hide Away Safe, State of the Art, Relocatable, High Security, Light Weight Safe to secure a: Laptop computer, tablet, iPad, projector, cameras, backed up data (external hard drives, tapes, CD's, DVD's), small expensive electronic items, cash, jewellery, passports, wills, drugs & medication (secured from children), spare keys, commercially sensitive data, weapons eg. hand guns, ammunition, handcuffs, fold up batons and anything else that is valuable or precious to you.

**Anything unsecured in a vehicle
has a 76% Risk of being Stolen.**

**Thieves are in and out of your Home or Business premises in
less than 2 minutes and take whatever you leave them.**

The Hide Away Safe is Australian designed, patented and manufactured. **Since 1993** it has been purchased by: Law Enforcement, Security and Private Investigation companies, Government Departments, Customs, Doctors Surgeries, Research Laboratories, Aged Care Institutions, Universities, Schools, Caravan and Motor Home owners, Computer owners to secure a Laptop and backed up data plus literally thousands of companies and individuals world-wide. **Plus since 2011** securing tablets, iPads in vehicles when they are left un-attended.

- The **Hide Away Safe Security System** is available in two sizes **mk2** (smaller) and **mk3** or **Laptop Safe** (larger). The mk3 or Laptop Safe will secure up to a 15" Screen Laptop including it's cables plus space for a portable printer or Camera equipment and larger valuables.
- **The mk2 and mk3 consists of two parts:**
 - A very clever **Docking Station** (D.S.) that is easily installed to almost any flat surface and at any angle, even upside down, using screws, bolts or acrylic water based glue into which the **Safe Box slides** in and locks with the supplied **High Security Abloy Key**, concealing all the fixings used to install the Docking Station eg. screws, bolts etc.
 - The **Safe Box** has a secure locked lid allowing the Safe Box to be taken from one location to another without the contents being exposed eg. slide the Safe Box out of the D.S. in your Residential Home and slide it into another previously installed D.S. eg. in your Vehicle, Caravan or Motor Home. Wherever a D.S. is installed, a Safe Box can be slid in and locked with the supplied **Abloy Key**.
- The **Hide Away Safe** is manufactured from **Lexan**®, an impact modified polycarbonate known world-wide for its great strength, extremely high impact resistance and heat resistant properties. Lexan is as **Tough as Steel** and **Virtually Indestructible** but **extremely Light-Weight**. Lexan is also used to manufacture Police Riot Shields, Bank Security Screens, Bullet Resistant windows, the windows in the Space Shuttle, imagine how strong windows have to be in space.
- **Buy one Hide Away Safe and secure it in multiple locations** by purchasing additional Docking Stations and installing one in each location you want to secure the Hide Away Safe eg. in your Residential Home, Vehicle, Caravan, Motor Home, Office or Factory.
- **Choice of two High Security Abloy Locks:**
 - **Abloy Classic 6mm Left Hand Security Lock**, includes a customised heavy-duty cam assembly and two super strong Nickel Silver keys. Has a possible 33 million different Key combinations, it cannot be drilled and is virtually pick proof. Used for individually keyed safes.
 - **Abloy PROTEC (Ultra) High Security Lock**, includes a customised heavy-duty cam assembly and two super strong Nickel Silver keys. Has a possible 1.97 billion different Key combination, it cannot be drilled and is **mechanically impossible to pick**. Used for individually keyed safes, keyed alike or is an exceptional Master Key System including Master, Grand Master & Grand Grand Master Keys.
- **Specifications mk2 and mk3 Safe Boxes.** (size in mm)
 - **mk2 Safe Box weighs about 1kg empty.**
Internal - L: 325mm - W: 160mm - H: 50mm
External - L: 360mm - W: 185mm - H: 70mm
 - **mk3 Safe Box weighs about 3kg empty.**
Internal - L: 310mm - W: 345mm - H: 125mm
External - L: 360mm - W: 375mm - H: 150mm

**Hide Away Safe can be secured in most vehicle's by installing a Vehicle Fixing Kit
or in all vehicle's using our unique Shroud and Cable.** See separate flyers for details about both.
