

Hide Away Safe

Global Leader in Portable Security

Protecting valuables in:

Residential Home, Apartment, Vehicle, Caravan, Motor Home, Office, Factory, Boat

Thank you for purchasing the world renowned Hide Away Safe, also known by other names.

Please Read The Following Important Information

Warranty

The Hide Away Safe and Abloy Lock are unconditionally guaranteed for 15 years by the Australian manufacturer, **Hide Away Safe Co**. See the warranty link on our Web Site for full details, web address at the end of this page.

Information About Abloy Keys

- ▶ The Abloy Lock fitted to each Hide Away Safe is a restricted system and additional Abloy Keys **CANNOT BE CUT** at your local Locksmith. The Abloy Key profile is protected and owned by the **Hide Away Safe Co**, the manufacturer of the Hide Away Safe.
- ▶ Each Safe includes two High Security Abloy keys, each with a Key Code. New Abloy keys can only be cut by the **Hide Away Safe Co** licensed Abloy Locksmith and only with the safes owner's permission with the Key Code that is included with each Hide Away Safe. **NB:** For security reasons the Key Code **IS NOT** recorded by our licensed Abloy Locksmith and we, **Hide Away Safe Co**, only keep a record of it with the owners permission.
- ▶ We recommend that you write your Key Code and where you purchased your Hide Away Safe eg. direct from our Web Site (write the name of Web Site as we have a few with different names), Melbourne Home Show etc on your original invoice and then keep your invoice somewhere safe.
- ▶ **NEVER** keep both Abloy keys on the same key ring. This ensures if you lose your bunch of keys you have another Key to open your Safe allowing you time to order another Key for your Hide Away Safe.

If you need to purchase additional Abloy keys we require the above information because purchasers use their Hide Away Safe to secure their Passport, Birth Certificate, Insurance policies documents, Cash, Jewellery, backed up data and other small valuables, therefore for every Hide Away Safe purchasers security we have to ensure the person ordering additional Abloy Key or keys is the owner of the Hide Away Safe the Abloy Key or keys are being purchased for.

- ▶ **Abloy PROTEC Key Code:** Is engraved on each Key. Please write on your invoice what is engraved on both sides of each Key.
- ▶ **Abloy Classic Key Code:** Is either engraved on each Key or typed on two pieces of sticky backed paper, both numbers are the same. Please write the Key Code on your invoice. We also recommend you place both sticky backed pieces of paper in two locations in your home or work place eg. under a drawer or under a shelf in a wardrobe or another location.

This is a great idea to keep your Key Code handy.

Whether you have a hand written telephone book or a mobile phone create a name eg. Lucy Locke, Larry Locke or something similar and your Key Code as the telephone number. If the Hide Away Safe is being used in a Caravan or Motor Home and you lose one of the keys while on holiday your mobile phone is a great way to access your Key Code to order another while on the road as we can post it to a Post Office anywhere or to a friends house.

New Keys - To order an additional Abloy Key or keys please send us an email, see below or telephone David Jackson, the owner of **Hide Away Safe Co**, on 1300 557 233. David is the only person who can order new keys.

If you require additional Hide Away Safes, Docking Stations, a Vehicle Fixing Kit, Shroud and Cable or any other information please do not hesitate to contact us.

Protection of Valuable Possessions is our Company's Foremost Concern
